

Memorandum

From the Office of Curriculum and Instruction, Stafford Public Schools

To: Mr. Steven Moccio, Superintendent of Schools
From: Steven Autieri, Director of Curriculum and Instruction
CC: Mr. Marco Pelliccia, Principal, Stafford High School
Date: September 20, 2018
Re: AMGEN Biotechnology Experience Program

In accordance with Board of Education Policy 3280, I am notifying you that we have been accepted as a participating school district for the AMGEN Foundation Biotechnology Experience Program at Stafford High School. The program will provide approximately \$20,000 of research-grade biotechnology equipment, curriculum materials, professional development materials, and consumable supplies at no cost for use in our biology program. Aligned to the Next Generation Science Standards and core biology curriculum, the program fosters scientific literacy and inquiry.

The program will loan equipment and supplies for the district to utilize in all classes for approximately one month. Laboratory equipment is returned at the conclusion of the program. At this time, in accordance with Board Policy 3280, I ask for your acceptance of this donation.
