

Instruction

Early Graduation

The Board of Education, in certain instances, shall grant students who wish to graduate from high school in less time than the ordinary four-year sequence the permission to complete graduation requirements on an alternative schedule. To this end, all normal graduation requirements must be completed for early graduation.

In regard to individual student requests, the following factors may be considered: the student's grades, performance in school, his/her future plans, and benefits that would accrue to the student if the request for early graduation were to be approved. The Principal shall make a recommendation to the Superintendent whether to grant or deny the request after consultation with the individual student's counselor, the appropriate teacher(s), student and parent(s).
