Use of Commercially Produced Video Recordings

Video recordings will be selected and assigned to give support directly to instructional learning objectives contained within the Board approved curriculum.

Video recordings, when used, shall be selected for their direct relevance to the instructional program. General selection criteria should include quality of the overall work and its individual parts, fair and accurate representation of the facts, the reputation and significance of the writer, director, and/or performer.

These conditions must be satisfied:

- The use must take place in a classroom or similar place of instruction
- The use must be part of the regular instructional process
- The use must be by the teacher and the students in a face-to-face or similar teaching position
- The video recording must be a legitimate copy

Video recordings shall not be used for recreation or entertainment, or for other than planned instructional purposes, unless a Public Performance Site License, such as, Movie Licensing USA, has been purchased by the school.
